Barbara Gentry's piece is called *Time* and is made with mild steel and river rock. The sculpture was invited to be placed on The Center Sculpture Pad in the fall of 2022 as part of the Creative in Residence project led by Agnes Bourne.

Patrick Dougherty: Finders Keepers

Patrick Dougherty, an internationally-renowned sculptor, created a custom piece of willow sculpture called *Finders Keepers* in the summer of 2022. Patrick works with local volunteers to construct his sculptures and encourages hands-on participation. His final sculpture will last multiple years and will be gradually worn away by the season's effects on the natural elements.

CENTER'S FINANCES

THE CENTER FUNDRAISING HISTORY

Early efforts to build The Center began in the late 1990s. The Center was constructed in two phases; the Arts and Educational Pavilion opened in 2005, and The Center Theater opened in 2007.

To build each wing, The Center was successful in raising \$31.1M in gifts and pledges. \$12M for the education wing and \$18.1M for the theater. Several of these major gifts were pledged over multiple years, however, and during the second phase in 2007 it was necessary to borrow \$6.7M to meet short-term obligations. Most of the multi-year gifts received eliminated \$4.7M of the \$6.7M debt. Unfortunately, due to the economic recession in 2008, several major pledges were either reduced or canceled. Because of this, The Center was unable to repay the loan in full and was left with \$2.5M in

debt. In 2014 a concerted effort was launched to pay it down and just \$540,000 remained at the end of December 2022.

The Center has raised substantial monies to fund our operations. Lease income from Residents and Third-Party rental fees fall short of meeting our budgetary needs. Contributed income is essential to sustaining our financial health. To date, we have raised \$46,520,366 as outlined below.
